About Sol Zim and the Capetown City Hall Concert

Sol Zim, truly one of the great entertainers of our time, has for many years performed in concert all over the world with tremendous success. Sol has done several concert tours in South Africa, appearing at the Nico Milan Opera House and Linder Auditorium in Johannesburg and City Hall in Capetown.

"Sol Zim is a Man With a Mission" applauds the CAPE TIMES. "Zim is a showman of great energy who kept a capacity house is palm of his hand for a two hour, 'one-man' show which ended in an enthusiastic standing ovation. His show is slick, professional, cleverly paced and with enough sentimentality to keep his audience crying for more. This interspersed with sing-along, clap-along numbers: a mixture of Chassidic, Israeli and Yiddish folk tunes which span the times of yester-year."

There are many moving moments in Sol's concerts, such as when he brings forth a children's chorus (usually prepared

locally), and together they sing many of the Chassidic melodies composed by Sol which are known throughout the world.

Sol is an engaging storyteller, a comedian and an artist blessed with finely controlled vocal powers. Regarded as America's top performer in this field, Sol's appeal lies in his "Zesty, Las Vegas-Style" showmanship and excellent trained voice, which he wields with stunning effect.

Sol Zim writes all of his own songs, using them to impact his life's experiences to an audience surprised to find how much they share in them. - In the Capetown City Hall Concert, presented here in superb, digital recording clarity, you can experience this yourself in such unforgettable melodies as *PAPA!!*, *THAT'S MY BOY* and many others.

Yes, Sol Zim is America's Superstar of Jewish Music. Sit back and enjoy as his thrilling performance is brought live right into your home.
