The Hampton Synagogue is proud to present a second recording of our internationally acclaimed Cantor Israel Rand. Since its dedication in 1994, The Hampton Synagogue has enjoyed a world wide reputation as a celebrated center for liturgical music. Congregants come from far and wide to attend our services and concerts. This magnificent recording is merely a taste of the dramatic cantorial recitatives chanted by Cantor Rand in our beautiful sanctuary. We invite you to join us in prayer and to experience a most inspirational and uplifting service. Production of this recording was made possible by the generosity of Hampton Synagogue president Michael B. Weisbrod. As with the first recording, Michael has dedicated this album in memory of his grandparents, Anne and Julius Goldstein. Michael’s continued generosity and commitment to our congregation and to the greater Jewish community is a living testimony to his grandparent’s legacy.
